

# THE EARLY RISER

>>> Nov. 2024

**FALL GOLF IS HERE!  
THE HEAVY RAINS HAVE  
ARRIVED.**

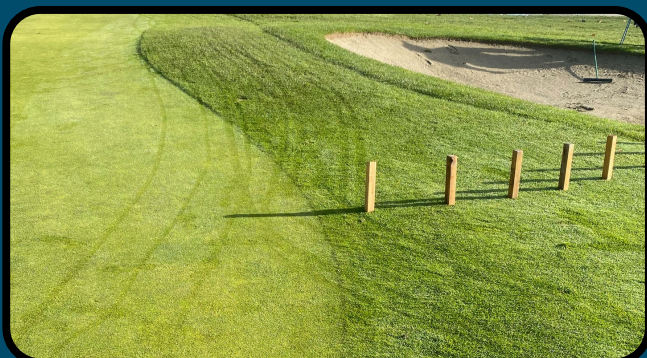

Ropes and traffic curbies have been installed to help golfers navigate away from the wet areas.

We have roped off the approaches on 11, 12 and 18.

We ask that all power, and push carts stay out of these areas.

#12 is designated to cart path only, that includes blue flag drivers.

To help alleviate the wear and tare around all putting surfaces, we ask walkers to take the extra steps to avoid using the high traffic areas.

We thank you for your cooperation.
